TOBACCO FREE WORK ENVIRONMENT

The governing board recognizes that tobacco use presents serious health risks and desires to provide support and assistance in the prevention and intervention of tobacco use among students and employees. As such the board declares that smoking or use of other tobacco products by employees or non-student adults shall be prohibited at any time in district owned or leased facilities, property and in district vehicles.

The superintendent shall ensure that information regarding this policy is communicated clearly to school personnel, parents, pupils, and the school community and shall post signs at district facilities, prominently displayed at all entrances, indicating that "*Tobacco use is prohibited.*" Information regarding smoking cessation support programs shall also be made available to employees and students.
