2. Students between grades 2 and 3 and grades 3 and 4 shall be identified primarily on the basis of their level of proficiency in reading. Proficiency in reading, English language arts, and mathematics shall be the basis for identifying students between grades 4 and 5, between intermediate and middle school grades, and between middle school grades and high school grades. (Education Code 48070.5)
3. If a student is identified as performing below the minimum standard for promotion to the next grade level based on the indicators specified in Board policy, the [student shall be retained](#) in his/her current grade level unless the student's regular classroom teacher determines, in writing, that retention is not the appropriate intervention for the student's academic deficiencies. This determination shall specify the reasons that retention is not appropriate for the student and shall include recommendations for interventions other than retention that, in the opinion of the

teacher, are necessary to assist the student in attaining acceptable levels of academic achievement. (Education Code 48070.5)

4. If the teacher's recommendation to promote is contingent on the student's participation in a summer school or interim session remediation program, the student's academic performance shall be reassessed at the end of the remediation program, and the decision to retain or promote the student shall be [re-evaluated at that time](#). The teacher's evaluation shall be provided to and discussed with the student's parents/guardians and the principal before any final determination of retention or promotion. (Education Code 48070.5)
5. Students with Identified Disabilities
  - a. Students who have been identified as individuals with exceptional needs who are eligible for special educational instruction and services pursuant to Part 30 of Division 4 of Title 2 of the Education Code and other students with a disability that affects a major life activity shall be promoted or retained based on criteria established by the IEP team.
  - b. Students with disabilities who do not exceed the criteria for retention may be recommended for promotion if the student demonstrates progress toward annual goals, including benchmarks or short-term objectives as written in the Individual Education Plan. The IEP team shall review the student's progress toward district standards in reading, language arts, and mathematics to establish individualized criteria for promotion or retention.
6. English Language Learners
  - a. In accordance with California Education Code Section 313( EI Identification and Assessment), Proposition 58, Title 5 of the California Code of Regulations, the California English Learner Roadmap Policy, and federal requirements under the Every Student Succeeds Act (ESSA) and Title III, the following guidelines apply when determining the promotion or retention of English Learners (ELs):
    - i. Equitable Consideration: Decisions regarding the promotion or retention of English Learners must be based on equitable, comprehensive measures. It is inappropriate to retain an EL solely due to limited academic achievement in English if the student has not yet had sufficient time and access to develop English language proficiency.
    - ii. Language Development and Support: English Learners who have not yet achieved reasonable fluency in English, as determined by state language proficiency assessments and district language development data, shall be considered at risk for academic challenges and must be provided with linguistically and developmentally appropriate instructional support. Supplemental instruction shall include research-based strategies such as SDAIE (Specially Designed Academic Instruction in English) and instruction provided by CLAD- or BCLAD-certified teachers, in alignment with the district's implementation of the English Learner Roadmap.
    - iii. Promotion and Retention Criteria: Retention or promotion of ELs must reflect a holistic view of student progress, including:
      1. Growth within standards-aligned instruction provided in English and, where available, the student's primary language;
      2. English language development progress, including assessment results (e.g., ELPAC) and classroom-based evidence;
      3. Time in U.S. schools and the student's individualized learning trajectory;
      4. Reclassification criteria and proximity to meeting benchmarks;

5. Input from the classroom teacher, EL specialist, and support staff in consultation with the student's parents/guardians.
7. When a student is identified as being at risk of retention, the Superintendent or designee shall so [notify the student's parent/guardian](#) as early in the school year as practicable. The student's parent/guardian shall be provided an opportunity to consult with the teacher(s) responsible for the decision to promote or retain the student. (Education Code 48070.5)
8. The Superintendent or designee shall also provide a copy of the [district's promotion/retention policy](#) and administrative regulation to those parents/guardians who have been notified that their child is at risk of retention.

#### G. Retention at Parent Request

1. Retention in any grade, by parent request, will be considered on a case-by-case basis through the School Study Team process. During this time, the parent/guardian will provide the rationale for retention. The school site team will have an opportunity to provide the [rationale for promotion](#). The site team will document the process and provide a final determination.

#### H. Appeal Process

1. Whenever a student's parent/guardian appeals the teacher's decision to promote or retain a student, the burden shall be on the parent/guardian to show why the teacher's decision should be overruled. (Education Code 48070.5)
2. To appeal a teacher's decision, the parent or guardian shall [submit a written request](#) to the site Principal, specifying the reasons why the teacher's decision should be overruled. The appeal must be initiated within 10 school days of the determination of retention or promotion. The teacher shall be provided an opportunity to state orally and/or in writing the criteria on which his/her decision was based. The principal shall provide a [written response](#) to the appeal within 10 school days.
3. To appeal a site's decision, the parent/guardian shall [submit a written request](#) to the Educational Services gradespan director specifying the reasons that the site's decision should be overruled. The appeal must be initiated within 10 school days of the determination of retention or promotion. Within 14 calendar days, the gradespan director will convene an appeals panel, inclusive of the parent/guardian, site administrators, and one Educational Services administrator. The gradespan director shall provide a [written response](#) to the appeal within 10 school days of the appeal panel meeting.
4. To appeal the Educational Services decision, the parent/guardian shall [submit a written request](#) to the Superintendent. Within 30 days of receiving the request, the Superintendent or designee shall determine whether or not to overrule the appeal panel's decision. If the Superintendent or designee determines that the parent/guardian has overwhelmingly proven that the appeal panel's decision should be overruled, he/she shall overrule the teacher's decision in a [written response](#).
5. The Superintendent or designee's determination may be appealed by [submitting a written appeal](#) to the Governing Board within 15 school days. Within 30 days of receipt of a written appeal, the Board shall meet in closed session to decide the appeal. The Board's decision may be made on the basis of documentation prepared as part of the appeal process, or at the discretion of the Board, the Board may also choose to meet with anyone involved in making the prior decisions to determine the outcome of the appeal. The decision of the Board shall be final and documented with a [written response](#).
6. If the final decision is unfavorable to the parent/guardian, he/she shall have the right to submit a [written statement](#) of objections, which shall become part of the student's record.
