SCHOOL/COMMUNITY ASSOCIATIONS

The Board of Education recognizes the significant contributions made by school community associations such as the California Congress of Parents, Teachers and Students, Inc. The board views such associations as integral parts of the school community which can aid substantially in promoting and achieving a finer educational program.

The board especially endorses any assistance which the associations can give to developing and maintaining a community volunteer program in the schools.

The board encourages active support and cooperation with school-community associations by administrators, teachers, classified employees, and employee organizations.
