INTERNATIONAL EXCHANGE STUDENTS

The Placentia-Yorba Linda Unified School District recognizes that interaction between students of different countries and cultures promotes global awareness and international understanding. To that end, the district welcomes the enrollment of international students.

To enroll in a district school, an international exchange student must be participating in a program registered with the California Attorney General's Office, designated by the U.S. Department of State and accepted for listing on the Council for Standards for International Educational Travel's Advisory List.

When necessary because of overcrowding within the district's schools or limited district resources, the Superintendent or designee may limit the number of international students to be accepted at any district high school during any school year.

The district shall not incur any financial obligations when receiving international students. Program sponsors or guardians shall provide assurance of their responsibility for health/accident/liability insurance, and the student's home placement.

District staff shall provide relevant counseling to district students who wish to study in a foreign country. District credit for courses successfully completed in the foreign country shall be granted in accordance with board policy and administrative regulation.
