

PROFESSIONAL STANDARDS

The Governing Board expects district employees to maintain the highest professional standards, follow district policies and regulations, and abide by state and federal laws. Employee conduct should enhance the integrity of the district and advance the goals of the educational program. Each employee should make a commitment to acquire the knowledge and skills necessary to fulfill his/her responsibilities and should focus on his/her contributions to the learning and progress of students.

No employee shall use for their own private gain or advantage the time, facilities, equipment, or supplies which are the property of the District, unless permission has been expressly granted.

The Board encourages District employees to accept as guiding principles the codes of ethics published by the professional associations to which they belong.
